ABOUT US

Our mission is to be the world's most valued gold and copper mining business. We are committed to partnering with our host countries and communities to transform their natural resources into tangible benefits and mutual prosperity.

ABOUT THE TEAM

Bulyanhulu is situated in north-west Tanzania, in the Kahama district of the Shinyanga region, approximately 55 kilometres south of Lake Victoria and 150 kilometres southwest of the city of Mwanza.

Bulyanhulu is a narrow-vein gold mine containing gold, silver and copper mineralisation in sulphides. The mineralisation of Bulyanhulu is associated with a number of steeply-dipping veins. Bulyanhulu commenced commercial production in 2001.
